Evelyn Soule	Clerk	Democrat
Lawrence Carpenter	Inspector	Republican
Rosemary Coates	Inspector	Democrat
Joan Theriault	Inspector	Republican
Barbara Parmenter	Inspector	Republican
Pat Stewart	Inspector	Democrat
Esther Fountain	Inspector	Democrat

Precinct one ballot box was inspected by the Warden, Barbara Fink and Bernice Barnaby, Clerk. Precinct one ballot box had a count of 394. The box was found to be empty. The counter was turned back to zero. Precinct two ballot box was opened by the Warden, Barbara Fink and Evelyn Soule, Clerk. Precinct two ballot box had a count of 462. The box was opened and found to be empty. The counter was turned back to zero. At 9:00 A.M. the keys were turned over to the ballot box officer, Frederick Ferguson.

At 7:00 P.M. the precinct two ballot box jammed and the ballots got stuck. The count was at 374. The condition of the ballots

PROCEEDINGS OF THE ANNUAL TOWN ELECTION

TOWN OF PLAINVILLE

ARTICLE 46: To see if the Town will vote to amend the Town of Plainville Zoning Bylaw by adding the following Section:

3.15 Commercial Interchange District

3.15.1 Purpose

The purpose of the Commercial Interchange District ("CID") is to enhance the welfare of the community by promoting stable and sustainable economic development of appropriate land areas which are valuable to the local economy, while preserving the health and safety of its residents; and to provide protection for the Town's natural resources from environmentally undesirable or adverse impact by encouraging innovative and efficient planning for commercial developments.

3.15.2 Applicability

All uses and developments located within the Commercial Interchange (CI) District must conform with the provisions of Section 3.15. Proposed developments in the CI District are not required to obtain the Special Permits described in Section 3.11 (Water Resources Protection), Section 3.12 (Watershed Protection District, Section 3.14 (Floodplain), and Section 2.12 (Earth Removal) and 3.8 (Earth Removal). However, where they are applicable, the purpose and use regulations of those sections shall be met by proposed CI developments, and the review procedures shall be incorporated by the Planning Board into their review of CI proposals. In the event of any inconsistencies or conflicts between other Sections of the Zoning By-Law and Section 3.15, the provisions of Section 3.15 only shall apply.

3.15.3 Use Regulations

3.15.3.1 Permitted Uses

The following uses are permitted as-of-right in the CI District:

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

- (1) Agriculture, horticulture, floriculture, viticulture
- (2) The sale of produce, wine and dairy products; provided that during the months of June, July, August and September of every year, the majority of such products for sale (based on either gross sales dollars or volume) have been produced by the owner of the land on which the facility is located.

3.15.3.2 Special Permit Uses

The following uses are permitted in the CI District, subject to the issuance of a Special Permit from the Planning Board:

- (1) Child Care/Daycare center
- (2) Animal Kennel or Hospital
- (3) Retail Business
- (4) Wholesale Business
- (5) Business Offices
- (6) Restaurant (Indoor)
- (7) Municipal Use
- (8) Religious Use
- (9) Commercial Recreation
- (10) Golf Course
- (11) Hotel or motel
- (12) Conference Center
- (13) Medical Facilities
- (14) Uses accessory to Items (1)-(13) above
- (15) Uses accessory to agriculture, horticulture, floriculture or viticulture, provided that such activities are necessary in connection with scientific research or scientific development or related production.

3.15.3.3 Prohibited Uses

All other uses are not permitted in the CI District.

3.15.3.4 Intensity of Use

Developments within the CI District shall conform with the following area, intensity and dimensional requirements:

a. Minimum Lot Requirements

- (1) Minimum Lot Area: 5 acres
- (2) Minimum Frontage: 225 feet

b. Minimum Yard Requirements

- (1) Front Yard: 90 feet
- (2) Side Yard: 15 feet\*
- (3) Rear Yard: 25 feet\*

\* Where the CI District abuts residential zones or

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

existing residential uses, the minimum yard depth shall be 100 feet. At least 75 percent of side and rear yards shall be landscaped or left in a natural wooded state. No impervious area other than access driveways from the frontage road shall be located within 90 feet of residential zones or existing residential uses.

c. Maximum Building Coverage

No more than 65 percent of a lot (or lots in an integrated development) shall be rendered impervious.

d. Minimum Landscaped Open Space

A minimum of 30 percent of the lot (or lots in an integrated development) shall be landscaped open space. Landscape plans shall be prepared by a Massachusetts Registered Landscape Architect.

e. Maximum Building Height

Maximum building height in the CI District is thirty (30) feet.

3.15.4 General Regulations and Standards

Developments in the CI District shall comply with all applicable regulations of Section 3.3 (Sign Regulations), Section 3.4 (Specific Standards in Commercial and Industrial Districts), and Section 3.5 (Parking Requirements), unless otherwise specified within Section 3.15.

3.15.4.1 Sewerage

All developments in the CI District must be connected to a municipal sewerage system.

3.15.4.2 Water Supply

Potable water of quality and quantity acceptable to the Board of Health and Fire Chief for all proposed uses and fire protection must be provided.

3.15.4.3 Drainage

Developments in the CI District must comply with all applicable drainage standards of the Rules and Regulations governing the Subdivision of Land in Plainville, Mass., including the preparation of a Stormwater Management Plan.

3.15.4.4 Traffic

Developments in the CI District must comply with all applicable traffic standards of the Rules and

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

Regulations Governing the Subdivision of Land in Plainville, Mass., including the preparation of a Traffic Impact Assessment.

3.15.4.5 Parking Lots and Loading Areas

a. All parking shall be provided and wholly located within the CI District, and shall comply with the minimum standards set forth in Section 3.5.1.

b. At least 10 percent of the total number of parking spaces provided shall be a minimum of 10 feet wide and 20 feet long, and shall be located within 300 feet of the building to be served. Such spaces shall be in addition to any handicapped parking spaces.

c. Aisles in parking lots shall be a minimum of 24 feet wide. Aisles adjacent to or nearest buildings or servicing loading areas shall be at least 30 feet wide.

d. Loading areas shall be designed and constructed so as to allow reasonable maneuvering by large vehicles without danger of vehicles overrunning curbs or striking site features. All designs shall be based on the most recent AASHTO vehicle turning radii/patterns for the largest vehicle that would reasonably be expected to service the facility.

e. Landscaping shall, at a minimum, be in accordance with Section 3.5.1.3. The Planning Board may require reasonable and proper landscaping in any development that will be harmonious with the nature and extent of the proposed project and its surroundings.

f. All loading areas shall be screened from the remainder of the development to the maximum extent practicable.

g. All dumpster, compactor or other refuse collection areas, pallet yards, or similar features shall be effectively screened by a fence around the perimeter of the area with a lockable gate, or other screening deemed suitable by the Planning Board.

3.15.4.6 Hazards

Any areas deemed hazardous by the Board shall be protected in a manner reasonably acceptable to the Board, based on the degree of hazard. The ultimate liability for any hazardous area, whether or not addressed by the Board, is the responsibility of the applicant or owner.

3.15.4.7 Water Resource Protection

The outdoor storage of salt, snow-melting chemicals, pesticides, herbicides, water soluble chemicals,

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

radioactive substances or volatile chemical compounds is prohibited in the CI District.

3.15.5 Administrative Procedures

a. Applications. The Planning Board shall develop an application form for applications submitted pursuant to this Section and a request form for the pre-submission conferences.

b. Pre-Submission Conference. Prior to filing an application for a Special Permit for a development in the CI District, the applicant shall request, in writing, a pre-submission conference with the Planning Board. The Planning Board shall conduct such a conference within 45 days of its receipt of such a request. Copies of the preliminary site development plan shall be forwarded to the boards and officials listed in 1.3.2 for review and comment.

At the pre-submission conference the Planning Board shall discuss the plan with the applicant and shall forward any comments raised by the Planning Board promptly to the applicant. In addition, the Planning Board shall determine at the pre-submission conference the scope of the Development Impact Statement (DIS) for the project. Any comments and the DIS scope shall be provided in writing.

c. Special Permit. Each application for a special permit shall be filed by the applicant with the Town Clerk, and a copy of said application, including the date and time of filing certified by the Town Clerk, shall be filed forthwith by the applicant with the Planning Board. Special permit applications shall include a Development Impact Statement for the proposed project.

d. Final As-Built Plans. An as-built plan or plans showing the project as actually constructed [with respect to buildings, parking areas, utilities, and major site features] shall be submitted to the Planning Board, Board of Water and Sewer Commissioners, Highway Department, and Board of Assessors, and Fire Department upon completion of the project. As-built plans should be prepared generally in conformance with the as-built plan requirement for subdivisions as prescribed by the Town of Plainville Subdivision Rules and Regulations.

e. Project Segmentation. All CID applications shall depict all development contemplated unless the project is to be "phased" and the applicant's intent to phase the project submitted under this Section is clearly and unambiguously represented to the Planning Board. The dividing of projects submitted under this Section into segments in order to circumvent provisions of this Section is hereby prohibited.

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

3.15.6 Information Requirements

a. Pre-Submission Conference. A preliminary site development plan shall accompany the request for a pre-submission conference. The plan shall include, generally, (1) existing topography and site features (2) the location of all proposed structures; (3) parking and loading areas; (4) access roadways; (5) sanitary facilities; (6) stormwater management facilities; and (7) off-site traffic mitigation measures. The preliminary site development plan or plans shall be accompanied by a brief narrative generally conforming to the format of the Environmental Notification Form (ENF) required under the Massachusetts Environmental Policy Act (301 CMR 11.00). If it is expected that the proposed project will require the preparation of an ENF, a draft copy of the ENF shall be submitted.

b. Special Permit Application. Plans accompanying an application for a Special Permit in the CI District shall comply with the requirements of Section 3.13.4. Applicants shall submit 15 copies of a completed application form signed by the applicant or the applicant's authorized representative, 15 sets of plans, 6 copies of the Development Impact Statement (if required), and 6 copies of the ENF (if required).

c. Development Impact Statement. The DIS shall comply with the scope that is formulated at the pre-submission conference. Items that may be addressed by the DIS include, but are not limited to: effects on stormwater runoff flows, erosion and sediment control plans, method of recycling water into the ground, the maintenance and improvement of the flow and quality of surface and subsurface water; the preservation of wildlife habitat, historic sites, unique geological, botanical and archaeological features, physical condition of the site and surrounding area and access to open space areas; public utilities, the local business economy and municipal finances; and the health and safety of the inhabitants of the area. The Planning Board will specify the depth and level of DIS analysis for each proposed development that is commensurate with the magnitude of the project; however, the following sections describe typical information that may be required:

(1) Physical Conditions

(a) Description of existing, physical conditions of the site, including topography, location and varieties of vegetation and geologic type, scenic and historical features, open space links, and indigenous wildlife.

(b) Description of how project will affect above features.

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

(c) Provide a complete description of the project including its effect on the surrounding area and watershed.

(d) Impact of proposed development on air quality, traffic, and noise levels.

(2) Surface Water and Erosion Control

(a) Description of location, size and type of existing water bodies, wetlands and flood plains; including existing surface drainage characteristics, both within and adjacent to the project.

(b) Applicant shall submit stormwater management system design calculations as required by the current Board of Health regulations and Plainville Subdivision Regulations.

(c) Pollutant loading analysis for the project calculated using either the methodologies described in "Best Management Practices; Controlling Urban Runoff" (reference) or the computer program: "P8: Urban Catchment Model" by I.E.P. Inc. of Northborough, Massachusetts, or similar programs such as "SWMM" by the U.S.E.P.A. Pollutant loadings resulting from the project shall analyze Phosphorus, Nitrate, BOD and Suspended Solids in ppm compared with acceptable state standards; to assist in analysis of project's impact on water quality.

(d) Applicant shall submit copies of the erosion control plans for the project which shall delineate both temporary (construction) and permanent erosion control methods to be used. Construction measures must be planned in accordance with the requirements of the applicable National Pollutant Discharge Elimination System permit requirements for discharges associated with construction activities for all sites with disturbed areas in excess of five (5) acres. For sites with disturbed areas less than five (5) acres and for permanent erosion controls the plan shall embody the methodologies described in "Massachusetts Conservation Guides I & II" by the U. S. D. A. Soil Conservation Service, most recent editions.

(e) Describe approximate size and location of land to be cleared at any given time and length of time of exposure; covering of soil stockpiles, and other control methods.

(f) Describe and evaluate the permanent methods to be used to control erosion and sedimentation. Criteria to include in a descriptive analysis are:

(i). Calculate amount of anticipated soil loss on-site due to erosion; use of SCS Universal Soil Loss Equation shall be employed.

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

(ii) Designate any existing or proposed areas subject to flooding.

(iii) Proposed surface drainage system(s).

(iv) Methods to be used to protect existing vegetation.

(v) The relationship of the development to the topography including techniques to control runoff.

(vi) Any proposed alterations of shore lines, marshes or seasonal wet areas.

(vii) Any existing or proposed flood control or drainage easements.

(viii) Estimated increase of peak runoff caused by altered surface conditions, and methods to be used to return water to the subsurface.

(ix) Effects on surface water quality.

(3) Groundwater and Soil Conditions

(a) here appropriate, the Planning Board may require soil surveys to establish the suitability of the land for proposed storm drainage installations and building foundation stability. In preparing the statement, the applicant shall utilize the Soil Survey Maps and Manual, prepared by the Soil Conservation Commission, U. S. Department of Agriculture, or industry recognized in-situ investigative methods.

(b) Describe any limitations on the proposed project resulting from subsurface soil and water conditions; including methods to overcome limitations.

(c) Describe approximate depth to bedrock and ground water table based on reference to Surficial Geology Maps or through test borings.

(d) Describe procedures and findings of percolation tests conducted on the site.

(e) Describe any proposed Environmental Remediation planned for the site resulting from the need to remove EPA or State-listed hazardous materials present on the site.

(4) Human Environment

(a) Provide a tabulation of proposed buildings by use, construction type, minimum lot area (number of bedrooms, floor area), ground coverage, and a summary showing the percentage of the tract to be occupied by

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

buildings and parking and remaining open space.

(b) Describe type of construction, building materials used, location of common areas, location and type of service facilities (laundry, trash, garbage disposal).

(c) Description of location, size and type of active and passive recreational facilities and open space available to residents.

(d) Describe proximity to transportation facilities, shopping areas and educational centers.

(5) Services Impacts

(a) Provide data estimating local roadway network impacts due to projected traffic flow at peak hours; include projected vehicle trip generation, roadway volumes, intersection level of service changes and capacity estimations on connecting streets.

(b) Determine safety impact the development will have on connecting arterial streets; accident trends and rates are to be calculated.

(c) Show the location of parking areas, circulation patterns and number of vehicle spaces.

(d) Determine the effect of the project on the town water supply and distribution system.

(e) Determine sewerage impact on capacities of existing Town facilities and the North Attleborough [Ten Mile] Sewage Treatment Plant, including the effect on capacity limits and projected increased charges to the Town based on the intermunicipal sewage agreement between Plainville and North Attleborough.

(6) Fiscal Impact

(a) Conduct a quantitative-qualitative cost-revenue fiscal analysis describing the cumulative impact the development shall have on Town financial resources.

(b) Cost factors include the following: project effect on police and fire protection, highways and Public Works' service, solid waste and sewerage disposal facilities, educational services, recreational facility impact and health services.

(c) Revenue factors including the following: project effect on property taxes, water and sewer fees, vehicular taxes, licenses and fees, and miscellaneous business taxes.

(d) The fiscal impact studies required herein shall be prepared using either the "Proportional Valuation Method", "Case Study Method", or the "Employment

Anticipation Method" as described in the most current edition of "The Fiscal Impact Handbook" published by the Rutgers University Center for Urban Policy Research. The Planning Board shall approve the methodology to be used during the pre-submission conference. All local

factors shall be determined from past municipal budgets, tax assessors information, and other verifiable public records.

3.15.7 Review Procedures

a. Public Hearing. Within 65 days of the filing of a complete formal application for a Special Permit for a development in the CI District, the Planning Board shall hold a public hearing on the proposal. Notice of such public hearing shall be given in accordance with Section 11 of Chapter 40A of the Massachusetts General Laws.

b. Review Criteria. In making a decision on an application for a Special Permit in the CI District, the Planning Board shall consider the following:

- (i) The purpose of the Commercial Interchange District as stated in Section 3.15.1
- (ii) Health, safety and general welfare of the public
- (iii) Conservation and preservation of the natural environment
- (iv) Impacts on abutting properties and neighborhoods
- (v) Compliance with the Plainville Master Plan and Open Space Plan
- (vi) Proper drainage of the site
- (vii) Safe access to and from the development
- (viii) Capacity of the existing traffic network to accommodate projected increases
- (ix) Adequacy of proposed water, sewer, fire protection and public safety provisions
- (x) Impacts on water resources, including wetlands, streams, water bodies, groundwater and floodplains
- (xi) Visual and aesthetic quality
- (xii) Impacts on municipal services and fiscal capacity

c. Decision on the Special Permit. The decision of the Planning Board shall be made within ninety days of the date of the public hearing, unless the decision period is extended by written agreement between the applicant and the Planning Board.

3.15.8 Appeal

The Zoning Board of Appeals as established by Chapter 40A of the Massachusetts General Laws shall hear and decide appeals in regards to determinations made by the Planning Board in the enforcement or administration of Section 3.15.

ANNUAL TOWN MEETING  
APRIL 25, 1994

society, the Town, or its authorized agents, for the purpose of impounding animals under the authority of this by-law or state law for care, confinement, return to owner, adoption, or euthanasia.

**At Large:** Any dog shall be deemed to be at large when it is off the premises of it's owner or keeper, and not under the direct care and control of a person demonstrating the ability to properly care and control the dog.

**Care and Control:** A dog shall be considered in care and control while it is on the premises of its owner or keeper; or if the dog is on the premises of another person with knowledge and permission of such other person; or if the dog is on any way, public or private to which the public has access, secured by a leash or under direct control of a responsible person and obedient to that person's command. Such leash shall be suitable to prevent the dog from being at large, or to prevent the dog from becoming a public nuisance.

**Commercial Kennel:** A kennel maintained as a business established for, or to include, the boarding or grooming of dogs.

**Dog Officer or Animal Control Officer:** any officer appointed by the Board of Selectmen to enforce this by-law.

**Keeper:** Any person, corporation or society, other than the owner harboring or having in his possession any dog.

**License Period:** The time between January first of any year to December thirty first of the same year, both dates inclusive.

**Livestock or Fowl:** Animals or fowl kept or propagated by the owner for food or as means of livelihood; also, deer, elk, cottontail rabbits, northern hares, pheasants, quail, partridge, and other birds and quadrupeds determined by the Department of Fisheries, Wildlife, and Environmental Law Enforcement to be wild and kept by, or under a permit from said department(s) in proper housing and/or suitably enclosed yards. Such definition shall not include dogs or cats.

**Multiple Dog Household:** more than three dogs over the age of six months of age on a single private premises.

**Owner:** Any person, partnership, or corporation, in whom is vested the ownership, dominion, or title of one or more animals.

**Public Nuisance / Dangerous Dog:** Any dog that unreasonably annoys humans, endangers the life or health of other animals or person(s), or substantially interferes with the rights of citizens, other than its owner(s), to enjoyment of life or property. The term "public nuisance / dangerous dog" shall mean and include, but is not limited to any dog that:

1. is found at large;
2. damages the property of anyone other than it's owner or keeper;
3. molests or intimidates pedestrians or passersby;

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

4. excessively makes disturbing noises, including but not limited to continued and repeated howling, barking, whining, or other utterances causing unreasonable annoyance, disturbances or discomfort to neighbors or others in close proximity to the premises where the dog is kept or harbored;
5. has bitten or attacked any person;
6. has bitten or attacked other domestic animals;
7. is found at large in a school-yard, public or private recreation area, store, or shopping area; except for those dogs certified to assist the visually or hearing impaired, which shall be deemed to be exempt from this provision;
8. has been found by the Board of Selectmen, after notice to its owner or keeper and a public hearing, to be a public nuisance / dangerous dog by virtue of being a menace to public health, safety, or welfare.

Vicious Dog: any dog that attacks, bites or injures humans or domesticated animals without provocation; or which, because of temperament, conditioning, or training, has a known propensity to attack, bite or injure humans or domestic animals.

#### 24.3 Licenses and Tags:

A person residing in the Town of Plainville, who at the beginning of the license period is, or who during a license period becomes the owner or keeper of a dog six (6) months old or over, shall cause the dog to be licensed within thirty (30) days. The Town Clerk shall issue dog licenses and tags on a form prescribed and furnished by the Town. Subject to the authorization of the Board of Selectmen, the Town may permit the licensing to be conducted through the mail.

On the license form, the Clerk shall record the name, address, phone number, and date of birth of the owner or keeper of the dog, and the name, breed, color, and description of the dog. Each tag issued will be valid for the specific animal described on the form, and is not transferable. The tag will include the license number, the phrase "Town of Plainville", and the year of issue.

The owner or keeper of a dog shall cause each dog, when off the premises of such owner or keeper, to wear around it's neck or body a collar or harness to which he shall securely attach the license tag. In the event of loss of tag, a substitute tag will be issued by the Clerk for a fee of two dollars. The Town Clerk shall not issue a license for any dog unless the owner or keeper provides the Clerk with a veterinarian's certificate verifying that the dog is currently vaccinated against rabies.

The fee for each dog license may be periodically adjusted upon a majority vote of the Board of Selectmen prior to October 1st of any year. In exchange for the duties performed by the Town Clerk in the course of issuing such dog licenses, he/she will be allowed to retain in addition to his/her appropriated salary, one dollar and fifty cents (\$1.50) from the license fee received for each license so issued. The fee for each dog license shall be initially set as follows:

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

- unneutered male dog: twenty-five (\$25) dollars;
- unspayed female dog: twenty-five (\$25) dollars;
- neutered male dog: five (\$5) dollars\* ;
- spayed female dog: five (\$5) dollars\* ;

\* a certificate from a veterinarian stating that the dog has been rendered incapable of procreation must be presented to the Clerk for each dog so licensed.

Upon presentation to the Clerk of a certificate of training, no fee shall be charged for a dog specially trained to lead or serve a visually or hearing impaired person.

The Clerk shall charge a late fee of five dollars (\$5) for every dog license issued after the thirty day period as defined above in this section.

Any owner or keeper of a dog who moves into the Town of Plainville, and has a valid current dog license from another municipality in the Commonwealth of Massachusetts, may obtain a dog license upon the forfeiture of the old license and a fee of one dollar (\$1).

The provisions of this section shall not apply to any pet shop licensed by the Commonwealth under the authority of section 39A of MGL Chapter 129.

Whoever violates the provisions of this by-law subsection (24.2), or fails to license their dog later than thirty days after a license period commences, shall be subject to a fine of twenty-five (\$25) dollars.

#### 24.4 Vaccinations of Dogs and Cats Against Rabies:

The owner or keeper of a dog or cat six months of age or older, shall cause the dog or cat to be properly vaccinated against rabies by a licensed veterinarian. Upon vaccination, the veterinarian shall issue a tag, which the owner shall secure to a collar as is required under Section 145B of Chapter 140 of Massachusetts General Law. The tag shall show the year the vaccination was given, a rabies tag number, and the name of the veterinary clinic or hospital.

Unvaccinated dogs or cats brought into the Town of Plainville shall be punished by a fine to be determined by the Dog Officer or Animal Control Officer of not more than fifty dollars (\$50), which shall be paid to the Town of Plainville.

#### 24.5 Public Nuisance:

Any owner or keeper of a dog shall not allow or permit said dog to run at large, or become a public nuisance in the Town of Plainville.

#### 24.6 Enforcement/Impoundment:

It shall be the duty of the Dog Officer, the Animal Control Officer, or any other person appointed by the Board of Selectmen

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

to apprehend any dog that is found running at large or, any dog that is a public nuisance, and impound such animal at an authorized animal shelter; such animal to be held, adopted, or euthanized as described in Chapter 140, Section 151A of Massachusetts General Law. The Officer that so impounds any animal shall keep a record of each animal so impounded, which shall contain the following information: breed, color, and sex of animal, distinctive markings or characteristics of the animal, the name and address of the owner if known, along with the license number, the final disposition of the animal, the name address, phone number of any person adopting such dog, and if destroyed, method and name of technician who administered euthanasia. Such records shall be kept by the Dog Officer or Animal Control Officer for a period of twelve months from date of impoundment. A copy shall be forwarded to the Town Clerk upon disposition of the animal, and such Clerk shall retain copies as provided by law.

#### 24.7 Violations/Penalties

The Dog Officer, Animal Control Officer, any Police Officer of the Town of Plainville, or any other person so appointed by the Board of Selectmen may impose a fine upon the owner or keeper of a dog so found to be at large, or any dog so found to be a public nuisance; such fines to be not more than twenty-five dollars (\$25) for the first or second offense; fifty dollars (\$50) for the third offense; and one-hundred dollars (\$100) for the fourth and subsequent offenses. Fines shall be paid to the Town of Plainville before redemption of the dog, if impounded, or within 14 days of issuance of the imposed fine when impoundment has not occurred.

After the issuance of three fines on any one or more dogs of the same owner or keeper, the person or persons offended by such dog may make a complaint in writing to the Board of Selectmen. The Board of Selectmen shall investigate or cause to be investigated such complaint, and may, after a public hearing, make any order as they deem necessary, including the removal, restraint, or euthanasia (destruction) of such animal.

#### 24.8 Boarding Fees:

An owner or keeper of any dog so impounded for violation of this by-law, shall in addition to any applicable fees and penalties, pay to the Town of Plainville a boarding charge of not less than ten dollars per day while such dog is impounded, nor more than the actual cost to the Town of Plainville for the boarding and care of such animal in any commercial kennel or animal hospital.

#### 24.9 Redemption of Dogs:

The owner or keeper of a dog so impounded may claim the dog as provided by law, upon the occurrence of the following:

1. The owner or keeper presents a valid dog license and certificate of rabies vaccination;

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

2. The owner or keeper pays all fines, boarding and other fees;
3. The owner or keeper gives his/her name, address, and date of birth;
4. If the dog does not have a current rabies vaccination, the owner or keeper must present a receipt from a licensed veterinarian showing pre-payment of a rabies vaccination.
5. If the dog is unlicensed, the owner must license the dog within seven (7) days of redemption.

24.10 Commercial Kennel License:

A kennel maintained as a business for the boarding or grooming of dogs shall obtain a commercial kennel license upon written application to the Town Clerk. The fee for such kennel license shall be twenty five dollars (\$25) for up to four dogs, and fifty dollars (\$50) for more than four dogs. Each kennel shall be available for inspection by the Dog Officer, a Police Officer, or the Plainville Board of Health at any time, to ascertain compliance with all state and local laws and by-laws.

The Town Clerk shall issue a kennel license without charge to any charitable corporation, incorporated exclusively for the purpose of protecting animals from cruelty, neglect, or abuse, and for the relief of suffering animals.

A veterinary clinic within the Town of Plainville shall not be considered a commercial kennel, unless it contains an area for grooming or selling of dogs, or for boarding of dogs for other than medical purpose.

Any person or corporation maintaining a kennel for thirty days without the proper license, shall be in violation of this provision.

Whoever violates any provision of this by-law subsection (24.9) shall be punished by a fine of one-hundred (\$100) dollars, payable to the Town of Plainville.

24.11 Multiple Pet Permit:

Any owner or keeper of four (4) or more dogs six months of age or older, who does not qualify as Commercial Kennel, shall acquire from the Town Clerk a multiple pet permit. The owner or keeper must present to the Clerk that all such dogs have been currently immunized against rabies, and are currently licensed. The cost of the multiple pet permit, which is in addition to the licensing fees, shall be twenty-five dollars (\$25).

The fine for violation of the provisions of this by-law subsection (24.10) shall one-hundred dollars (\$100), payable to the Town of Plainville.

24.12 Vicious or Barking Dogs:

The provisions of Massachusetts General Laws, Chapter 140,

ANNUAL TOWN MEETING  
APRIL 25, 1994

sections 157 and 158, shall be applicable to vicious or barking dogs, as if said sections were fully set forth herein, with the exception that references to a "chief of police of a city" and "county commissioners" are deleted therefrom.

24.13 Accounts/Monies Collected Relating to Dogs:

The Town treasurer shall keep a separate account of all monies received and expended by him/her relating to the provisions of this by-law. All monies received relating to this by-law, including monies for the licensing of dogs (less that portion to be retained by the Town Clerk) and fees relating to fines and/or impoundment, shall be deposited into a revolving account established pursuant to the provisions of Chapter 44, Section 53E1/2 of Massachusetts General law, providing, however, that these monies may be used for the purchase of forms, tags, materials, boarding fees, veterinary fees and other eligible costs relating to the implementation of this by-law, and for certain reimbursements provided for within this by-law.

24.14 Emergency Fees for Dogs and Cats Injured on Public Ways:

Any veterinarian who renders emergency care or treatment to, or disposes of any dog or cat injured on any Public Way in the Town of Plainville, shall receive payment of reasonable costs from the owner of such dog or cat, if known, or if not known, shall received the sum of twenty dollars (\$20) from the Town of Plainville for such care, treatment and/or disposal.

Care, treatment, and/or disposal shall be for the purpose of maintaining life, stabilizing the animal, or alleviating pain or suffering until the owner of such dog or cat is identified, or for a period of twenty-four hours, whichever is sooner. Any veterinarian who renders such emergency care or treatment to, or euthanizes, or disposes of such dog or cat, shall notify the dog officer in Plainville, and upon notification, the dog officer shall assume control of such dog or cat.

24.15 Property Damage, Appraisal, and Reimbursement:

Whoever suffers a loss by the worrying, maiming, or killing of livestock or fowl by dogs that are in violation of the provisions of this by-law, shall inform the Dog Officer, (or in his/her absence, a police officer), forthwith, who shall as soon as reasonably possible proceed to the scene to view the damage, and to determine if the damage was done in fact by dogs; and if so, authorize the Town Treasurer to make reimbursement to the owner of such livestock or fowl when the total amount of damage does not exceed two hundred dollars (\$200). If in the opinion of the Dog Officer the total damage exceeds two hundred dollars, the damage shall be appraised on oath by three persons, one of whom shall be the Dog Officer, one shall be appointed by the person alleged to be damaged and the third appointed by the other two.

The said appraisers shall consider and include in such damages the number and kind of animals damaged, the extent of the damage and the approximate weight of the killed animals. The appraisers will also note in their report whether or not any animals were

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

sent for veterinarian treatment in an effort to save them, the number and kind of such animals. Such report will be filed in the office of the Town Clerk within ten days of said appraisal, who shall submit said appraisal report to the Board of Selectmen for payment. The Board of Selectmen may require the appraisers to provide additional information that they deem appropriate in accordance with the report of the appraisers.

No owner of livestock or fowl shall be reimbursed for damages inflicted by his own dog or dogs, nor shall he be reimbursed if he was the owner or keeper of an unlicensed dog six months of age or older, nor shall he be reimbursed for damages if the owner or keeper of the dog inflicting the damage is known to him or to the Dog Officer. No reimbursement shall be made in the case of damage to deer, elk, cottontail rabbits, northern hares, pheasants, quail, partridge and other livestock or fowl determined by the Department of Fisheries, Wildlife and Environmental Law Enforcement to be wild. No reimbursement will be made for damage done by a dog to dogs, cats and other pets. Awards for damages in no case shall exceed the fair cash market value of such livestock or fowl, to an aggregate maximum reimbursement of \$1,000.

The owner or keeper of a dog which has done damage to livestock or fowl, shall be liable for such damage, including medical costs and the Selectmen may order the owner or keeper to pay such damages after an investigation by the Dog Officer of the facts of the matter and an appraisal of the damages as provided above. The appraiser(s) will submit a report to the Selectmen stating the type of damage, the number and kind of animals damaged and whether any animals required medical treatment by a veterinarian to save them.

In the event that the owner or keeper of such dog known to have done damage to livestock or fowl refuses to pay upon the order of the Selectmen, the Selectmen shall enter or cause to be entered, a complaint in the district court for the enforcement of the order.

If a dog which has previously been ordered restrained by the Selectmen, or upon review by the district court, wounds any person, or shall maim or kill any livestock or fowl, the owner or keeper of such dog will be liable to the person injured thereby in treble the amount of damages sustained by him.

**24.16 Warrant to Dog Officers:**

The Town of Plainville shall follow Massachusetts General Laws, Chapter 140, Section 153. The Board of Selectmen subject to Town Meeting approval, shall set the compensation and expense of such Dog Officers appointed to enforce the state and local laws and by-laws pertaining to animals.

**24.17 Treble Damages for Damage Notice:**

If a dog which the Selectmen, or upon review, the District Court, shall have ordered to be restrained shall wound any person, or shall worry, wound or kill any live stock or fowl, the owner or keeper of such dog shall be liable in tort to the person injured

TOWN OF PLAINVILLE, MASSACHUSETTS  
ANNUAL TOWN MEETING  
APRIL 25, 1994

therein in treble the amount of damages sustained by him as required under Massachusetts General Laws, Chapter 140, Section 159.

24.18 Conflicting By-laws:

All other by-laws of the Town of Plainville that are in conflict with the provisions of this by-law are hereby repealed to the extent of such conflict.

24.19 Severability Clause:

If any part of this by-law shall be held invalid, such part shall be deemed severable and the invalidity thereof shall not affect the remaining parts of this by-law.

Or, to see if the Town will vote to do or act in any manner relative thereto.

**SPECIAL TOWN MEETING  
THURSDAY, OCTOBER 13, 1994  
AT 7:30 P.M.**

***THE COMMONWEALTH OF MASSACHUSETTS***

Norfolk, ss

To Either of the Constables of Plainville:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Plainville qualified to vote in town affairs, to meet in the Beatrice H. Wood Elementary School Auditorium, South Street, in said Plainville, on

OCTOBER 13, 1994

at seven thirty o'clock in the evening, then and there to act on the following articles, viz:

**ARTICLE 1:** To see if the Town will vote to transfer from available funds, \$7,750.00 or any other sum, for the installation of roof drains and related equipment for the Fire and Police Station, such sum to be expended under the direction of the Chief of the Fire Department, or do or act in any manner relative thereto. (Sponsor: Fire Department)

**ARTICLE 2:** To see if the Town will vote to transfer from available funds, a certain sum, to the Fire Department Salary account, or do or act in any manner relative thereto. (Sponsor: Fire Department).

**ARTICLE 3:** To see if the Town will vote to borrow or transfer from available funds, a certain sum, for the purpose of making repairs to the Everett Skinner Pool, such sum to augment funds previously appropriated at the May 24, 1993 Special Town Meeting, or do or act in any manner relative thereto. (Sponsor: Park Commissioners)

**ARTICLE 4:** To see if the Town will vote to borrow or transfer from available funds, a certain sum, for the purpose of making repairs to existing building and grounds deficiencies in the Jackson Elementary School and the Wood Elementary School, such sum to augment funds previously appropriated at the May 9, 1994 Annual Town Meeting, or do or act in any manner relative thereto. (Sponsor: School Committee)

**ARTICLE 5:** To see if the Town will vote to transfer the sum of \$88.00 from available funds to the School Department account for the purpose of paying a bill of a prior fiscal year, or do or act in any manner relative thereto. (Sponsor: School Committee)

**ARTICLE 6:** To see if the Town will vote to accept the provisions of Section 7A of Chapter 32 B of the Massachusetts General Laws, the acceptance of which will permit the Town, in addition to the payment of fifty percent of a premium for contributory group life and health insurance for employees of the Town and their dependents, to pay a subsidiary or additional rate, or do or act in any manner relative thereto. (Sponsor: School Committee)

**ARTICLE 7:** To see if the Town will vote to transfer from available funds, \$2388.00 or any other sum, for the purpose of repainting and lettering an existing cruiser which will become the Police Department's D.A.R.E. Car, or do or act in any manner relative thereto. (Sponsor: Police Department).

**ARTICLE 8:** To see if the Town will vote to transfer from available funds, \$6542.00 or any other sum, to the Communications Salary Account, or do or act in any manner relative thereto. (Sponsor: Police Department).

**ARTICLE 9:** To see if the Town will vote to transfer from available funds, \$3625.00 or any other sum, as payment of the Town's portion of the cost of installing water service to a private residence, or do or act in any manner relative thereto. (Sponsor: Board of Selectmen).

**ARTICLE 10:** To see if the Town will vote to amend the Town of Plainville Zoning By-Laws, Section 2.12.G by inserting the following language (the inserted language is in italics):

2.12.G Performance Bond: The Board of Appeals shall require that a performance bond, of a surety company authorized to do business in the Commonwealth of Massachusetts, be posted, in an amount determined by the Board of Appeals, as sufficient to guarantee conformity with the provisions of any permit issued hereunder. *Cash may be deposited with the Treasurer of the town, to be held by the town as surety, in an amount equal to the surety required, in place of a bond.* Such bond, *and/or cash*, shall not be released until there is filed with the Board

of Appeals a certification from a registered engineer and an approval from: the Planning Board *and the Zoning Enforcement Officer (Building Inspector)* that the site conditions at the completion of all work are in accordance with the requirements of the permit. Or, to see if the Town will vote to do or act in any manner relative thereto. (Sponsor: Planning Board)

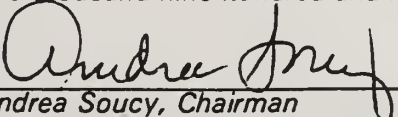

**ARTICLE 11:** To see if the Town will vote to accept as a Public Way within the Town of Plainville, the following street with improvements thereon, Country Hill Lane, bounded and described as follows:

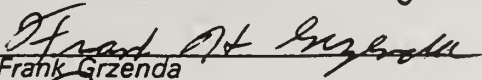

Beginning at a concrete bound on the southerly sideline of Cowell Street, said bound being 1400 +/- feet west of the westerly sideline of Taunton Street; thence running counterclockwise along an arc with a radius of 30.00 feet and a length of 61.59 feet to a point of tangency; thence running S08-27-30E for a distance of 593.86 feet to a point of curvature; thence running counterclockwise along an arc with a radius of 30.00 feet and a length of 40.40 feet to a point of reverse curvature; thence running clockwise along an arc with a radius of 60.00 feet and a length of 268.90 feet to a point of tangency; thence running N08-27-30W for a distance of 697.33 feet to a point of curvature; thence running counterclockwise along an arc with a radius of 30.00 feet and a length of 65.87 feet to a point of tangency; thence reversing direction, running N87-40-11E for a distance of 87.79 feet to a point; thence running N70-49-50E for a distance of 52.85 feet to the point of beginning, the last two courses being by the southerly sideline of Cowell Street. **FOR THE YEAR ENDING JUNE 30**

**1994**

**TOWN OF PLAINVILLE**  
**TREASURER'S OFFICE**  
**TOWN OFFICE BUILDING**  
**PLAINVILLE, MASSACHUSETTS**

To The Honorable Board of Selectmen:

During Fiscal Year 1994 the Treasurer's office received and accounted for \$11,708,680.08 General Fund receipts, \$10,160.48 Stabilization Fund receipts, \$63.23 Conservation Fund receipts, and \$127,370.89 Performance Bond receipts. In addition we disbursed \$11,540,408.13 from the General Fund, and \$65,487.09 from various Performance Bonds.

We issued two types of short-term debt in FY1993, State Grant Anticipation Notes(S.A.A.N.s) and Bond Anticipation Notes(B.A.N.s). The S.A.A.N.s were issued against grants due from the Commonwealth for the Sewer Project Phase II and Chapter 90 Highway Funds. The November 1993 issue of \$71,113.00 was sold to Quincy Savings Bank with an interest rate of 2.64%. The May 1994 issue of \$150,348.00 was sold to Quincy Savings Bank with an interest rate of 3.46%. Also in May, 1994 we issued B.A.N.s in the amount of \$376,000.00 to Shawmut Bank at rates of 3.87% and 3.94%. The B.A.N.s were issued for the Sewer II Project, the Treatment Plant, and the Pool Repair Project.

We retired \$310,000.00 in long-term debt and issued no new debt during the year. The total outstanding long-term debt at June 30, 1994 was \$3,085,000.00.

This report includes a breakdown of the Treasurer's appropriation for the year; a reconciliation of cash by bank, by receipts/disbursements and by fund at June 30, 1994; a categorization of total cash receipts for the year; and maturing debt schedules by project.

Respectfully submitted,

Kathleen A. Parker, Town Treasurer

### Report of the School Committee

The results of the annual elections in April saw Mr. Laurence Cochrane of Mathurin Road and Mr. Michael Moen of Carlton Road elected to the School Committee. At the Reorganization Meeting, Mr. Patrick Francomano was reelected Chairman, Mrs. Deborah Gard was reelected Vice Chairperson, Mr. Laurence Cochrane was elected as Local Representative to the King Philip Regional School Committee and Mr. Michael Moen was elected Local Representative to M.A.S.C. with Mr. Francomano as the alternate representative to M.A.S.C. Elected to the Sick Leave Bank Committee were Mr. Francomano and Mr. Moen. Mrs. Gard was elected representative to the Permanent Building Committee. The Committee unanimously appointed Mrs. Kathleen Ouimet as Attendance Officer and James Rockett as Truant Officer.

Committee Member, Mr. John Ferrara resigned from the Board on March 1, 1994. On April 27, 1994 at a Joint Meeting of the Board of Selectmen and School Committee, Mrs. Margaret Ryan of Messenger Street was elected to succeed Mr. Ferrara until the next annual election. Mrs. Ryan had been the School Committee Secretary until her election. Mrs. Ryan was replaced as board secretary by Mrs. Janice Stott of Attleboro.

The Committee, as a result of the New Education Reform Law, established the organization for the School Council. The Council will consist of the Principal, five (5) parents, four (4) teachers and one (1) community representative.

With Plainville invited to join North Attleboro and Foxboro as a Project PALMS site, the School Committee endorsed Plainville's participation in the Project. Mrs. Alice Edwards (grade 2 teacher) and Mrs. Deborah Dempsey (grade 5 teacher) received intensive training to become PALMS specialists. Along with Susan Sudbury of North Attleboro and Michelle Kingsland Smith of Foxboro, the two teachers are spreading the PALMS philosophy throughout the staff.

Early in the Year, Plainville joined Norfolk, Wrentham, and King Philip in establishing a Local Education Foundation called *Planow*. This Foundation will raise funds to award competitive grants for worthy educational projects. A Spelling Bee was held for their initial fund-raiser - it raised \$4,000.00

During the course of the year, the Committee made several policy changes. These policies included:

- 1) **No Smoking Policy** - Smoking in school buildings, on school grounds, and on school buses is prohibited at all times.
- 2) **Student Medication Policy** - allows training of other school personnel (besides the school nurse) to administer student medications.
- 3) **Pre-School Subsidized Tuition Policy** - allows two (2) community pre-school students to have their tuition payments subsidized.
- 4) **Meeting Time Limit Policy** - prevents School Committee Meetings from going beyond 10:00 P.M. (curfew). This time limit may be surpassed only by a unanimous vote in favor by those members present and constituting a quorum.
- 5) **Policy establishing Sub-Committees** - the Committee established three (3) Permanent Sub-Committees:
  - a) **Physical Plant Sub-Committee**
  - b) **Budget and Finance Sub-Committee**
  - c) **Collective Bargaining Sub-Committee**

At the urging of the Plainville School Committee, the Tri-Town School Committee was reactivated. It is hoped this will increase articulation among the school districts, especially in the areas of Professional Development and Curriculum Development. Cost sharing and consolidated grant writing could also benefit from this articulation.

The School Committee petitioned the Town to revive the Permanent Building Committee. The need for new roofs at both schools plus additional renovations was badly needed. At a Special Town Meeting, a warrant article for \$45,000.00 was passed to assess the needs (renovations) at both school buildings. The Committee, following the bidding process, hired Gale Associates of Weymouth, MA to complete the deficiency project. The annual Town Meeting voted a \$325,000.00 bond issue to replace both roofs and complete associated projects. Gale Associates was awarded design and engineering contracts for the Project.

The Annual Town Meeting also passed the Fiscal Year 1995 School Budget at \$2,700,799.00. The new budget contains three (3) new positions: Teacher of Grade 1, Teacher of Grade 6, and called for a full-time School Principal / Curriculum Coordinator. Increased enrollments necessitated the additional personnel.

For the third year in a row, the Committee rejected the State "School Choice" program. With ever increasing enrollments and a definite space shortage, the program is not feasible for Plainville at this time.

However, the Committee did pass the "Early Retirement Incentive Program" provided by the New State Reform Law. This issue was subsequently passed at town meeting and by the Board of Selectmen. Three staff members applied for the Early Retirement Incentive but only one was approved by the Massachusetts Retirement Board.

On the labor front, the Committee and the Plainville Education Association signed a new three (3) year agreement commencing on September 1, 1994 and ending August 31, 1997. Tentative agreements have been reached with the Secretarial and Custodial Unions. This guarantees smooth running schools for an extensive period of time. The Committee also renewed the Superintendent's contract for three (3) years even though he is an applicant for the Early Retirement Program.

During the year, the Committee undertook two (2) important items besides what has already been written. The Committee decided to evaluate itself with the help of M.A.S.C. Representative, Mrs. Joanne Rys, acting as facilitator. The Committee completed its project with useful information being provided.

Secondly, the Committee granted the newly established "Hillcrest Academy" approval of its application by local authorities. It approved its curriculum and learning time plus its facility.

In closing, the Committee would like to thank the residents of Plainville for their moral and financial support of their elementary school system and extends its appreciation to the administration staff, and parent volunteers for another outstanding year. I would like to take this opportunity to thank my fellow committee members for their dedication and hard work.

Respectfully submitted.

Patrick Francomano  
Chairman  
Plainville School Committee

### Report of the Superintendent of Schools

This will be my final Annual Report as your Superintendent of Schools. After twelve (12) plus years as your Superintendent of Schools, I have submitted my resignation for the the purpose of retirement.

The Plainville Public Schools would like to acknowledge the Retirement of Mr. Paul LeBlanc, a custodian at the Anna Ware Jackson School, after many years of service. Also leaving was Mrs. Susan Rieger, Secretary to the School Committee for many years. The Superintendent and School Staff wish them well in all future endeavors.

This was the first year of living under the New Education Reform Act of 1993. As a result, the Plainville Schools established a School Council consisting of myself, Francis Cinelli, as Principal, five (5) parents, four (4) teachers, and one (1) community representative whose terms are staggered. The Council met on a monthly basis at the Jackson School. The members in conjunction with Norfolk, Wrentham and King Philip Councils received training from Dr. Matthew King, Superintendent of Schools at Lincoln-Sudbury Regional School District. The training sessions were conducted at Tri-County High School in Franklin, MA and training lasted three (3) days.

The major charge of the Council was to produce a School Improvement Plan to be submitted to the School Committee for acceptance and approval. The Council issued a Survey to Faculty, Parents, and the Community citizens to ascertain the strengths, weaknesses, and needs for improvements. The Plan is currently in the hands of the School Committee awaiting approval.

Another component of the Educational Reform Act was the establishment of a Professional Development Plan for all certified faculty members. The Plan was developed on a district-wide basis with Norfolk, Wrentham and King Philip and provides for common in-service days for all four (4) faculties to participate in curriculum and professional development. This method allows cost sharing, greater program selection, and superior articulation between elementary and secondary schools throughout the district. As a prelude to this plan, a tri-town joint curriculum day was held last April and received highly positive evaluation results.

The Plainville Elementary Schools, invited by North Attleboro, joined Foxboro in becoming a Project P.A.L.M.S. (Partnerships Advancing Learning of Mathematics and Science) Site. Two of our teachers, Mrs. Alice Edwards and Mrs. Deborah Dempsey, received special training and became P.A.L.M.S. specialists. They, along with Susan Sunbury of North Attleboro and Michelle Kingsland Smith of Foxboro taught the P.A.L.M.S. Philosophy and the use of manipulatives in both math and science.

Plainville is now a P.A.L.M.S. site of its own and has invited Norfolk, Wrentham, and King Philip North to join in for district articulation. In late spring, the Plainville P.A.L.M.S. Focus Group presented a Portfolio to the State Department of Education and received outstanding acclaim for their efforts. As a result, Plainville will receive a P.A.L.M.S. grant of its own for FY95.

Along with Project P.A.L.M.S., the Plainville students will be the recipients of a new Health Curriculum in September. As the school year was coming to a close, the faculty sub-committees on Social Studies and Reading agreed on updating their curriculums. Thanks to Town Meeting Appropriation, a new Social Studies Program (K-6) will be awaiting all students and a new Reading Program (K-3) will also be in place.

The Curriculum Sub-Committees for Reading (Whole Language), Mathematics and Social Studies have been meeting all year to produce a written curriculum with objectives for all grades. These Curriculums will be completed and printed by the time your current Superintendent leaves his position.

Under the leadership of Mrs. Margaret Hoagland and Mrs. Patricia Levesque, grades 5 and 6, established "Proud to Be Drug Free" Clubs. These clubs meet twice a month and produce ideas and activities that stress a drug-free student body. These clubs along with the D.A.R.E. Program are the backbone of our Drug Abuse Education Program.

Mrs. Hoagland's sixth grade class was a first place winner in a contest sponsored by Erector Corporation of America. As a result, they were invited to New York City to receive their award and view their project on display. Thanks to our P.T.O., the entire class (6H) traveled to New York by chartered bus for a 15-hour excursion that included tours, dining and the Award Ceremony.

Due to increased enrollment an additional kindergarten session was added this year and an additional first grade class and sixth grade class will be added in September. As a result, the Jackson School Library was displaced by the new Grade 1 classroom and relegated to a corridor area outside the Cafeteria/Gymnasium. This was done over protests by the Library Parent Volunteers.

I bring this issue to your attention as a reminder that Plainville School Space is lacking and a permanent solution to the school space problem must be addressed soon. This space problem was seen as a major concern when the School Council Survey was tabulated. By this time next September (1995), your student population will exceed 700 students. It's time to begin planning and getting ready for the inevitable, a school-building project.

Since this is my final report to the town, I would be remiss if I didn't acknowledge the importance of the P.T.O. In my twelve (12) plus years as your Superintendent/Supervising Principal, the P.T.O. (as a guesstimate) has provided between \$200,000 and \$250,000 in equipment, cultural programs, field trips, and fun times. The students and faculty can attest to their importance in maintaining a quality school system. Thank you P.T.O. and keep up the good work.

Regular meetings of the School District Committee are held every first Monday in February, April, June, July, August and December, and every first and third Mondays in January, March, May, September, October and November. Meetings are held at the King Philip Regional High School at 7 p.m. in the Media Center.

## SUPERINTENDENT'S REPORT

On behalf of Dr. Richard Grady, Chairman of the King Philip Regional School Committee and members, Mr. James Lehan, Mr. Laurence Cochrane, Mrs. Pauline Chute, Mr. Frank DelVecchio, Mr. George Cronin, Jr., Mrs. Jane Morris, Mr. Fred Paul, III, and Mr. Sam Williams, allow me to extend my personal thanks to the King Philip Regional Administration, teachers, parents, students, elected officials of the member towns, and all who support public education. I hereby submit to the citizens of Plainville this annual report for the period July 1, 1993 to June 30, 1994.

## STUDENT HONORS

Two members of the Class of 1994 met the requirements for finalist standing in the

1994 Merit Scholarship Program. The merit program offers about 6,500 scholarships nationwide, in recognition of students who earn outstanding academic achievement. Congratulations to Megan Savage (Plainville) and Jean-Paul Tremblay (Wrentham).

Jason St. Amand (Norfolk) was selected as one of the ten regional winners in the MARS Science Experiment Proposal Competition, sponsored by NASA and the National Science Teachers' Association. Jason's proposal was one of 5,000 submitted by students in the Northeast. Jason and Mrs. Amy Fradkin, his chemistry teacher/advisor, attended a four day symposium at the Kennedy Space Center in Florida.

#### **Student honors continued:**

Andrea Beloff (Norfolk) was the winner of the \$2,500 State Gold Award in the Science, Business and Technology category of the Discover Card Tribute Award program for Massachusetts. Andrea also was selected to attend the Massachusetts advanced Studies Program at Milton Academy during the summer.

Paul Langlais (Norfolk) was recognized for his achievement on the Avogadro Chemistry Exam by the University of Waterloo in Ontario, Canada. This exam is devised to reward student achievement in chemistry at the high school level.

#### **CLASS OF 1994**

184 students graduated on Sunday, June 5, 1994. The class motto was "The only limit to our realization of tomorrow will be our doubts of today.". Seventy-four percent of the class was accepted to continue their education at two or four year colleges and universities. At the end of this report is a listing of the colleges and universities that accepted members of the Class of 1994.

#### **SCHOOL BUSINESS PARTNERSHIP**

The King Philip Regional School District has been an active participant in Project Bridge, a school business partnership with the Polaroid Corporation. As a member of Project Bridge, King Philip is eligible to participate in several special programs with Polaroid. During the 1993-94 school year, two members of the King Philip Regional High School math department participated in a three-day training program on statistics in the workplace. This program was provided free of charge to the school district by the Polaroid Corporation.

The King Philip Regional School District is also a participant in Project Bridge for Total Quality Education Programs sponsored by Polaroid Corporation. Two engineers have worked with the Administration of the King Philip Regional School District to help introduce basic principles of Total Quality. This was again provided at no charge to the King Philip Regional School District.

King Philip is also an active member in the Franklin-Wrentham Chamber of Commerce. The School District participates in a number of programs offered by the Chamber. The Chamber sponsored during the 1993-94 school year a one-day seminar on technology in education. Four members of the faculty attended this seminar which was held at the Tri-County Regional Vocational School and participated in a presentation by Dr. John Philipppo. This presentation was informative and brought together members

of the business community with representatives from the participating school districts.

#### **FINANCIAL PLANNING**

During the 1993-94 school year, the Financial Planning Team that was established in 1992-93 school year worked cooperatively to develop the King Philip Regional School Budget. The Financial planning team is made up of representatives from the three Boards of Selectmen, three Finance Committees and three representatives from the King Philip Regional School Committee. This group was responsible for providing information to the various boards on the many changes that occurred in the funding of public education due to the educational reform law passed in June of 1993. King Philip Regional School District is committed to this cooperative planning with the Towns of Norfolk, Plainville, and Wrentham.

In May of 1994, King Philip Regional School Committee sponsored a Saturday session for representatives from the three towns concerning a ten-year capital plan for the District. During this Saturday session, there was consensus that the King Philip Regional School District would require some ongoing capital support from the three towns. The members who attended the meeting agreed in principle that the funding of capital projects should occur on an ongoing basis as part of the capital improvement plans for each of the three communities.

#### **TOTAL QUALITY IN EDUCATION**

During the 1993-94 school year, a group of teachers and administrators worked with the Superintendent on a Total Quality Team. This total quality team met on a monthly basis to review and identify areas of concern in the schools. The total quality team surveyed the faculty to determine the educational issues in the schools. Based on the data received from the teachers, the total quality team undertook a review and analysis of the topic of improving learning in the classroom. The total quality Team developed a student survey to assess student learning needs. This survey was administered to students in grades 7-11 in June of 1994. The survey results have been tabulated and with the assistance of Dr. Ronald Nuttall, Professor at Boston College, the team will analyze and make a report to the School Committee in the fall of 1994.

The Total Quality Team is an innovative and cooperative effort between the teachers and administrators to improve the quality of instruction in the schools of the King Philip Regional School District.

### **CURRICULUM DEVELOPMENT**

During the 1993-94 school year a Curriculum Network was established to facilitate the review of the curriculum in the King Philip Regional School District. The Curriculum Network consisted of teachers who volunteered to serve as well as the principals from the High School and Junior High School. The Curriculum Network discussed the many facets of the curriculum offered in the King Philip Regional School District and identified areas that needed further study. The Network was also able to review and respond to the many curriculum developments from the Massachusetts Department of Education as a result of the educational reform law. The network was able to review the common core of learning and to begin an initial review and understanding of the curriculum frameworks.

The Curriculum Network serves as an important link between the classroom teachers and curricula issues.

The high school is scheduled for six curriculum development days during the 1994-95 school year. These days will be used to review, reflect and revise the high school curriculum.

The junior high school is also scheduled for six curriculum days. The focus of their work will be to finalize plans to implement a teaching team model for the 1995-96 school year.

### **PROFESSIONAL DEVELOPMENT**

During the 1993-94 school year, the District undertook a major professional development program for all teachers. A total of nine professional development activities were scheduled for the entire faculty. These activities included topics on critical thinking, restructuring schools, curriculum audits, total quality in education, inclusion, learning styles and teaching styles, common core of learning, proposed curriculum frameworks, and a review of the first year of educational reform.

The curriculum days also had some innovative programs. The first was held in January which was entitled the King Philip Conference. This was an opportunity for staff of the King Philip Regional School District to present mini-workshops to their peers on a variety of topics. In April 1994, the very first K-12 curriculum day was held among the Norfolk, Plainville, Wrentham, and King Philip Regional Schools. This day provided an opportunity for teachers from all schools to meet by individual disciplines to discuss a K-12 curriculum. This was positively received by all teachers with many requests for this day to be repeated on an annual basis.

In May of 1994, Mr. S. Paul Reville, a member of the Massachusetts Board of Education, addressed the faculty of the King Philip Regional School District on the topic of educational reform. Mr. Reville gave the faculty of the King Philip Regional School District an overview of what had been accomplished in the first eleven months of education reform. This was a unique opportunity for faculty to hear directly from a member of the Board of Education about the many facets of educational reform.

### **SCHOOL COMMITTEE LEADERSHIP IN SCHOOL REFORM**

Mrs. Jane Morris has represented the King Philip Regional School Committee at the Colloquia Program on School Reform. The Regional School District was selected by the Massachusetts Department of Education to be a participant in this unique program. Mrs. Morris has attended six sessions on various topics on the leadership role of the school committee in facilitating school reform.

### **SCHOOL BASED MANAGEMENT**

The King Philip Regional School District was among thirteen districts recognized as statewide models for effective school-based management practices. The District will participate in four days of advanced training in school management, funded by the Massachusetts Department of Education.

### **PARENT PARTICIPATION**

The King Philip Regional School District has continued its efforts to encourage more parent participation in the many aspects of school life at King Philip-North and the King Philip Regional High School. In the beginning of the 1993-94 school year, a number of parents volunteered in the libraries at both schools.

The Educational Reform Law required the establishment of school councils, with parents serving in equal numbers to faculty members for the purpose of assessing and establishing goals for the individual schools.

### **TEACHER PERFORMANCE STANDARDS**

In the Education Reform Law of 1993, school districts are required to develop teacher performance standards in consultation with the local teachers' association. The King Philip Regional School Committee has negotiated a set of teacher performance standards with the King Philip Regional Teachers' Association. These new standards are going to be an integral part of the teacher evaluation system that will be

implemented during the 1994-95 school year.

#### **MIDDLE SCHOOL**

During the 1993-94 school year, the teachers at King Philip-North continued to research and review the development of a middle school program for King Philip-North. The middle school study committee along with the King Philip-North school council will submit recommendations for the transition to a middle school to be implemented in the fall of 1995.

#### **MISSION STATEMENT**

The mission of the King Philip Regional School District is to pursue education excellence in an environment that fosters individual work and self-awareness and to develop an education environment in which multi-cultural diversity is embraced. Learning is a lifelong experience and a commitment will be made to provide educational opportunity for all. The District will further encourage the development of critical thinking skills and student ownership of learning. A set of core values and mechanisms for shared decision making among students, faculty, staff and community will be promoted.

The purpose of the Mission Statement is to provide a direction for the School District. It is important to remember that a mission statement is constantly under review.

#### **RETIREMENTS**

In June of 1994, two teachers retired from the King Philip Regional School District. Miss Clara Manteca, one of the original faculty to join the new King Philip Regional School District in 1956, retired from the social studies department at the high school. Miss Manteca is a unique individual who

brought to her classroom the love of learning and the belief that all children can and will learn if given the opportunity and understanding of a caring teacher. Miss Manteca will be missed as a member of the social studies department, but she will be returning to continue her activities as advisor to the student council.

Dana Boynton, a member of the science department at King Philip-North also retired. Mr. Boynton is leaving teaching to start his new vocation as an Episcopal minister in a church in the Town of Whitman. Mr. Boynton has been an important member of the science department and has been actively involved on the middle school steering committee. Mr. Boynton will be deeply missed by all.

These two devoted teachers deserve recognition for their many talents and we wish them health and happiness in their retirement.

#### **SUMMARY**

The King Philip Regional School District is committed to providing a quality education to each and every student. The residents of Plainville have supported our school budget and should expect that the District will be accountable for these resources. The School Committee, Superintendent, Principals, teachers and staff have accepted the challenge to provide a quality education. It is important to remember that education is a cooperative effort.

Respectfully submitted,

Perry P. Davis, Ed. D.

# TRI-COUNTY REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

## ANNUAL REPORT 1994

In July 1994 the School Committee reorganized and elected the following officers: Janice Young (Walpole) Chairperson, Victor Knustgraichen (Wrentham) Vice Chairman, and Louis Hoegler (Walpole) Secretary.

The School Committee conducts its regularly scheduled meetings on the third Wednesday of each month at 7:30 P.M. in the Committee Meeting Room at the school. Sub-committee meetings are scheduled as needed.

### Graduation:

On June 5, 1994, 139 students were graduated in an impressive afternoon ceremony. Janice Young, Chairperson of the Tri-County School Committee, delivered the welcoming address to more than one thousand guests. Music was provided by the Millis High School Band.

Mary M. Fleming, Director of Pupil Personnel Services, presented scholarships and awards totaling more than \$100,000 to deserving seniors.

The following Plainville students received awards: Edward Neipris received the Presidential Certificate of Merit and the Mass. Vocational Association Outstanding Student Award, Philip McCally received the Elks National Foundation Vocational Grant of \$2,000 and the North Attleboro/Plainville Rotary Scholarship, and Roger Plante received the Tri-County Teachers' Award and the Tri-County Maintenance Association Award.

### Pupil Personnel Services

In September 1994, Tri-County welcomed approximately 754 students to the new school year. Of that number 40 were Plainville residents. Other towns and residents included: Franklin 155, Medfield 20, Medway 42, Millis 30, Norfolk 35, North Attleboro 192, Seekonk 69, Sherborn 3, Walpole 52, and Wrentham 63. Also 53 students were accepted from Out of District areas.

Because of the Co-operative Employment Program at Tri-County, twenty-seven students started early employment in industry. At graduation 50% of the students were working in their technical areas. Approximately 34% of the class planned to attend 2 or 4 year postgraduate schools. 11% of the class planned to enter the military. Among the colleges graduates have enrolled in are: Bryant College, University of Massachusetts at Dartmouth & Lowell, Massachusetts College of Art, Wentworth Institute, Johnson & Wales University, Northeastern University, Bridgewater State, Dean College, Arizona State, and Mass Bay Community College.

In October, Tri-County administered the PSAT's for the College Board. Additional testing and career inventories were administered for all Grade 9 students by the Guidance Department. Tri-County counselors, parents, and students joined other area towns for a Higher Education Night in Medway,

The Pupil Personnel Department continued its evening programs for 94-95. The Guidance Department continued its Peer Helpers program to assist with school adjustment and to introduce Tri-County to junior high students in the community. The department continued its programs on preparing for college with the assistance of Dean College Financial Aid Administrators and Admissions Counselors. Tri-County hosted two Career Days for Grade 8 students and held evening Open Houses for parents.

Tri-County has established itself as a leader in the Tech Prep System. This concept has been referred to by National Business and Educational Leaders as one of the most exciting initiatives in education. The primary function of the Tech Prep program is the combined secondary/post secondary program that is being offered to Tri-County students with Massachusetts Bay Community College, Wentworth Institute of Technology, Northeastern University, Dean College, Middlesex Community College and Aquinas College. Students involved in the Tech Prep program must complete an established level of academics and technical competencies. Students upon completion of their high school work will be awarded credits according to the articulated agreement. In 1994 students who received college credit for completion of Tech areas are now attending Wentworth Institute, University of Massachusetts at Lowell and Arizona State University.

#### Academics

A continuing recognition that our graduates need to fully develop their academic abilities has led us to review our academic offerings. Beginning in 1995 all grade 9 pupils will begin a four year sequence of science courses including biology, chemistry, principles of technology and one science elective (microbiology, physics, astronomy or Principles of Technology II).

State-wide curriculum frameworks are soon to be issued and Tri-County is prepared to respond to these guidelines for core academic subjects. All students at Tri-County continue to take a full academic load with no study periods. Every student has a class every period every day.

Mr. Ed Hichborn, a long time teacher at Tri-County, was appointed to the position of Academic Coordinator this year. In addition to his regular teaching duties, Mr. Hichborn will now assist in the development of curriculum guides for academic areas, develop interdisciplinary teaching models, and develop a technology plan for the school.

It is the goal of the Tri-County Regional Vocational Technical High School to keep our programs current and to fully meet the needs of our pupils and of the workplace.

#### Vocational/Technical Programs

The Vocational programs have made every effort to simulate real work experience by providing service to District Town Agencies, Civil Organizations, and Residents. The Auto Repair, Auto Body and Metal Trade departments are fully scheduled for customer work at all times. Work is accepted from district residents if such work coincides with the instructional curriculum. The Auto Repair program has received A.S.E. Master Certification from the National Automotive Technician Education Foundation.

The Child Care program provides a creative agenda that foster the wholesome development of the pre-schoolers in a variety of early childhood settings. High School students work with these youngsters learning first hand the various theories and practices of child development.

Cosmetology is a program that provides skill in a variety of beauty services, such as hair, scalp, skin and nails. The program prepares the student for the State License in hairdressing. The clinic is open to the public during the school year.

The Culinary Arts shop continues to attract many local patrons to their student run restaurant (Gerry's Place) and bake shop. Many senior citizen groups from the community visit Tri-County to sample the delicious meals that are prepared by the high school students.

Desktop Publishing is part of the Commercial Art and Graphic Arts curriculum. Students learn Computer Layout, Desktop and Graphics.

Electronics Technology prepares the student for entry level positions in the Electronics, Computer and Consumer product service industries.

Marketing/Office Technology education includes Banking, Retailing and Secretarial skills to students who have selected this vocational program. Students master skills in Computerized Accounting, Data Base Management, Word Processing and Lotus 1-2-3. Students taking this program also receive hand on training by working at the Dean Cooperative Bank located at Tri-County. The Bank is open to the public during the school year for all banking services.

The Medical Careers program continues to grow as it enters its third full year. We are currently affiliated with three area Nursing Homes (Medfield, Franklin, and Wrentham) where students can apply skills on patient care and recreational activities.

The Plumbing and Electrical programs allow students to acquire technical skills while accruing state-mandated hours in both practical and theory applications. Once completed, these students will be prepared to take the state journeyman examination in their respective trade areas.

The Heating, Ventilating and Air Conditioning program provides students with proper instruction relative to the recovery and recycling of refrigerants. EPA government regulations require that HVAC standards remain at the cutting edge of technology.

The Carpentry program allows students to become familiar with both rough and finish construction. As students complete this program, they are well on their way to securing construction supervisor licenses.

Our construction program has been very busy this year with the construction of "Cougar House", the school athletic field house and with the BICO Collaborative project at King Philip High School in Wrentham.

#### Continuing Education

The Continuing Education Programs offers an Adult Cosmetology program during the day. This is a separate program that provides 1000 hours of instruction. The program runs from September to May and follows the high school calendar. Registration for this program takes place at the end of May each year. The Evening School Division has enrolled approximately 600 students for the 1994-95 school year. New programs include Computer Aided Machining, Low Fat Cooking, Introduction to Computers and Desktop Publishing. Registration for the Evening Division takes place in September for the Fall Semester and in January for the Winter Sessions.

## Athletics

The Tri-County Athletic Programs continued to show strides during the 1993-94 year. Participation of first time players at the Freshman/Sophomore classes shows promise for the upcoming years. The teams all finished in the middle to upper half of their divisions in the Mayflower League.

The Soccer Team had enough athletes to sponsor a JV Soccer Schedule on a limited basis. The Cross Country Team had a fine season losing 4 meets by one point. Despite losing 12 seniors from the previous year, the Girls Volleyball Team finished 7 & 10 in the league. The Football Team finished one game off 1st place in their division, while the Cheerleaders were 10-0.

The winter season saw the Boys and Girls Basketball Teams finish strong in their division. The boys team had such a large turnout of players that a Freshman Team was added. The Wrestling Team hosted the State Sectional Wrestling Tournament. Several wrestlers finished well enough to compete in the State Tournament. All teams were supported by the Cheerleaders.

Tri-County can be proud of the Spring Teams of Softball, Baseball, Track and Field. A young team of Cougars give promise to the future of Tri-County.

A new Fitness Center was opened to the students, family and staff. New Cardio Vascular Equipment was added along with after school aerobics.

## Student Activities

This year Tri-County will be once again engaged in both the Hugh O'Brien Youth Foundation Leadership Seminar and the World Affairs Seminar for High School Students at University of Wisconsin-Whitewater. As in years past, we will also be participating in the Cultural Exchange Program.

The Vocational Industrial Clubs of America (VICA) is of continued interest to students with great success at the local, state and national competitions. This year at the national level a bronze medal was won by Electronics' student Ed Neipris. In the area of fund-raising, VICA once again will be sponsoring numerous events, including a medieval dinner, Breakfast with Santa and Breakfast with the Easter Bunny.

The Distributive Education Clubs of America will be attending the North Atlantic Regional Conference. At this conference students will have an opportunity to meet other students from the Northeast and participate in various seminars and workshops.

A new pilot program this year, entitled "Student of the Month", was implemented so that those students achieving significant academic success will be properly recognized. These awards were given monthly.

## Summary

As we move into 1995 and continue to provide for the educational needs of our students, we wish to thank the District residents for their support and cooperation. We intend to maintain in the future the high educational standard that has earned Tri-County that support in the past.

To The Honorable Board of Selectmen:

I hereby submit the annual report of the Tax Collector for fiscal year 1994. It includes a breakdown of the town's annual appropriation showing all expenditures for the fiscal year. Also, the report shows total fiscal year 1994 collections by category and year of commitment.

During the fiscal year we experienced real progress in the office due to the automation of the real estate tax collections. Using information provided by the Assessors office and coordinating with our bill printer, we were able to adopt and expand the current motor vehicle collection system to fit our needs on the real estate side. Our first year trial run went without a hitch and the trial balance process was very easily completed at the close of the fiscal year. We look forward to further fine-tuning the process so as to produce even greater efficiencies.

Respectfully submitted,

*Kathleen A. Parker*

### WATER and SEWER DEPARTMENTS

To The Honorable Board of Selectmen:

On behalf of The Board of Water and Sewer Commissioners, I hereby submit the following report for FY94.

#### YEARLY PRODUCTION

Water Produced	213,396,000 Gallons
Water Purchased	-0- Gallons
Total Water Provided	213,396,875 Gallons
Change from Previous Year	21,433,875 Gallons (+10.1%)
Average Day (increased)	584,650 Gallons (+10.15%)
Maximum Day (increased)	934,230 Gallons (+ 9.9%)
Minimum Day (increased)	435,000 Gallons (+15.0%)

	WATER	SEWER		WATER	SEWER
July 93	20,073,000	4,705,000	Jan 94	17,340,300	12,380,000
Aug 93	21,902,000	7,678,000	Feb 94	15,152,195	9,634,000
Sept 93	18,140,000	5,925,000	Mar 94	18,226,470	19,624,000
Oct 93	16,001,000	6,104,000	Apr 94	16,170,940	14,808,000
Nov 93	14,530,000	6,142,000	May 94	17,923,820	7,627,000
Dec 93	16,120,000	10,686,000	Jne 94	21,817,150	7,001,000

During the year the Water and Sewer systems are monitored and maintained on a regular basis. The wells located off East Bacon and George Streets were again cleaned and reconditioned as is the annual practice. Over the years the specific capacity of wells number 1 and 2 has dropped off quite a bit due to iron and manganese incrustation of the gravel pack around the wells. The condition of these wells should be regarded as fair. Well 5 seems to be holding up well, it's condition is good.

The Filter Plant is maintained on a daily basis and adjustments to operations are made when necessary as raw water quality changes. The Plant should be regarded as in good condition.

Approximately one third of the fire hydrants were inspected and several were found to be in need of repair or replacement, three were replaced the remainder, repaired. Eight water services were repaired or replaced due to leakage. Many routine projects were completed during the year. Thirty six new water meters were installed in new homes and seventy nine old meters were replaced due to being defective or broken or leaking.

Several sewer problems were reported and corrected, most of which required the property owner to make corrective actions. Forty connections were made to the sewer system during the year.

The Water and Sewer Departments continue to operate within compliance of all State D.E.P. and Federal E.P.A. Regulations, and work toward the goal of supplying the best possible service.

The past year was a banner year at the Plainville Public Library. In response to our mission to provide Plainville residents with the greatest possible access to the greatest range of resources, the library joined the Automated Bristol Library Exchange (ABLE) on July 1, 1993. The library staff and trained volunteers worked for almost a year barcoding and inputting each item into the ABLE system. Less than one year later on June 13, 1994, the library began circulating on the ABLE system. At the same time, our trained volunteers introduced the ABLE public access computer to library patrons. Our patrons were thrilled to discover that they now have access to the library collections of 24 area libraries. The Trustees of the Plainville Library and library staff remain committed to responding to growing library patron's requests by provided new materials, improved services and programs.

In September of 1993, the Friends of the Plainville Public Library, Inc. held a reorganization meeting and elected new officers. The Friends set a goal to offer one library program per month, alternating between children's and adult programming. Since that meeting, the Friends have presented a wide variety of well-attended programs geared towards various age groups. Appearances by the "Classic Sounds", author Mike Tougias, and Linda Meyer as Amelia Earhart provided young adults and adults with entertainment. Programs geared towards children included Spooktacular Night, Trim-a-Tree Program, Elizabeth Nadow, Storyteller, and Julie Collier with "Birds of Prey and Native American Craftwork and Culture". In June, the Friends sponsored an open house with Carol Kingsbury as the Music Lady to welcome our new Children's Librarian, Patricia Svendsen. In addition, the Friends established ongoing book discussion groups for a variety of ages and funded museum passes.

Using a \$5,000 LSCA Title I grant, the Plainville Library established a Career Resource Center. This center offers library patrons an expanded collection of materials on job searching, college guides, small business operations, etc. A very successful Small Business Workshop was presented in May 1994 in collaboration with the Small Business Administration and SCORE. As part of the grant, the library purchased a microcomputer with a laser printer for public use with the capability of printing resumes, cover letters or to be used for the purpose of improving computer skills. In the Spring, the library was awarded a \$11,944 LSCA Title I grant to address the growing needs of beginning readers and their parents by offering an improved collection of early reader materials, educational programs for parents of emerging readers, and a series of programs designed to excite families about reading.

The library thanks the many volunteers who have given freely of their time to assist on special projects over the past year. This year volunteers were invaluable in assisting with the ABLE conversion, as well as other projects - a total of 1,006 volunteer hours in all! Special thanks go out to the Friends of the Plainville Public Library, Inc. for their effort of behalf of the library, to the PTO and the Lions Club for funding the Boston Museum of Science pass, to the Plainville Cultural Council for funding the appearance of Bill Harley, and to all Town Officials for their support and cooperation during the past year. Finally, the library deeply appreciates both the hard work and support shown by the Board of Library Trustees and the library staff.

Respectfully submitted,  
Ann A. Robinson, Library Director

## Historical Commission

136 SOUTH STREET  
PLAINVILLE, MASSACHUSETTS  
02762

The outstanding event of our year has been the exhibit of photographs and artifacts entitled A CELEBRATION OF PLAINVILLE. During the seven weeks it was on display there was quality attendance with many returning for several visits. Citizens and former residents alike were generous in lending photos for copying and other materials for this event. The timing involved allowed two years of fifth grades to attend as part of their unit on town history.

We are dedicated to the restoration and maintenance of the Humphrey House, one of Plainville's historic treasures. Therefore we have engaged in three projects this year: redecoration of the front hall, replacement of split clapboards on the west side, and currently the restoration of one upstairs room to house the reference collection of war books originally gathered by Fred Northup.

Gifts of clippings, photos, and artifacts have been donated by: Howard Bigelow, Jeanne Bratton, Sandra Burlingame, Beatrice Cate, Dorothy Cherry, William Fasulo, Robert and Elna Fawcett, Fred and Barbara Fluck, Matthew Geminiani, William Gill, Frank Grzenda, Elsie Hale, Robert Hemmingsen, Betty Johnson, George Parastatides, Barbara Parmenter, Donald and Phyllis Perreault, William Perreault, Brian Rickard, Freeman Rogers, Leland Smith, Fred Walnut, Whiting & Davis, Barbara Wilmarth, the Wrentham Historical Commission, and our own town office.

Requests for information have been endless and varied. Sooner or later most of the newspapers have called--including the Boston Globe, Sun Chronicle, Country Gazette. At least two firms preparing travel brochures have asked our help. Environmental firms always seek our research on the various properties they are studying. We have heard from the Museum of our National Heritage, the MIT Police Association, the Polk Directory. Citizens have requested pictures of the Angle Tree Stone, Plainville's old buildings. We were asked about King Philip's hand, the last town to be incorporated in the state, origin of foundations observed in Wrentham, genealogy of various families, correct dates for historic articles, if there was an iron foundry here, dating of construction of certain houses, procedure for nominating a building to the National Register, latitude and longitude of the town, and always about Whiting & Davis for collectors of mesh plus this year someone who wanted info on Evans Case. We have even been asked to locate a high school student in time for a newspaper interview. Our truly unique query this year came from a Coventry, RI resident who had been given part of an old grave stone. They enlisted us to locate the cemetery from which it was stolen based on the partial information on the stone. Using our fine network of interested persons we eventually learned that it went missing from the old cemetery at 2d Congregational Church in Attleboro sometime between 1920 and the mid 1980's.

As we conclude this report we wish to thank all who have assisted in the work of the Commission and to make particular mention of the faithful service of Brian Mullen who clears our walks promptly after every storm--no mean feat during the past year. Thanks, Brian.

# Park Commission

PLAINVILLE, MASSACHUSETTS

02762

December 15, 1994

To the Honorable Board of Selectmen and the citizens of Plainville:

The Plainville Park Commission hereby submits our report for the year ending June 30, 1994.

The Park has had another year of expanded programs and trips. Our Summer Recreation Program and Fall Soccer program were again very successful.

This years after school programs included Pillo Polo, Floor Hockey, Indoor Soccer, Gym Games and Windmill Pitching. School age children were also offered afternoons of roller skating and trips to WWF Wrestling, the Providence Bruins and the Boston Red Sox.

The younger children were entertained with trips to Aladdin and Sesame Street Live. Adults and children both enjoyed our trips to the Radio City Christmas Show, the Boston Pops Christmas Concert and Stars on Ice skating show.

Adults also have the opportunity to participate in our Adult Co-ed Volleyball on Wednesday evenings.

Attendance of:	Children	Adults
We offered 8 trips:	173	125
Summer activities:	249	
School year activities:	266	40

Meetings were held on the first and third Monday of each month. Our budget is as follows:

	Budgeted	Expended
Expenses	\$ 5,235.00	\$ 5,235.00
Salaries	\$31,580.00	\$25,310.50

We would like to take this opportunity to thank all the volunteers and various town departments for their help and cooperation during the past year.

The Park Commissioners and staff want to thank the citizens of Plainville for their continued support and encouragement. We are particularly grateful that we have received funding to repair the Town Pool and hope to have it open to the public in 1995.

Respectfully Submitted,  
Your Park Commissioner's

## BOARD OF SELECTMEN

Plainville Cable Advisory Committee

To the Honorable Board of Selectmen

The Cable Advisory Committee, which meets the third Thursday each month at 7PM at the Town Office, had another active and interesting year.

Many events and meetings were videotaped and broadcast including Town Meetings, the Wood School's 6th grade lip sync program, graduation ceremonies, the DARE program sponsored by Plainville's Policeman James Rockett, Santa's Visit and the continuing coverage of selectmen's meetings, and a performance by the Sweet Adelines were our most popular activities.

Further, we simulcast the auctions of the Plainville/North Attleboro Chamber of Commerce and Rotary organizations.

We continue to have interest in the technical and programming issues for the Citizens of Plainville.

Don McAlpine has been diligent about updating the news on the signal generator on channel 10.

The Town and this committee is especially grateful to Bruce Bumpus who spends many hours taping all of the events.

## PLAINVILLE

### REPORT TO THE TOWN OF PLAINVILLE FROM THE COMMISSIONERS OF THE SOUTHEASTERN REGIONAL PLANNING AND ECONOMIC DEVELOPMENT DISTRICT

The Southeastern Regional Planning and Economic Development District continued to serve the Town of Plainville during 1994. SRPEDD (pronounced sir-ped) is a locally run regional agency serving southeastern Massachusetts.

During the past year, the Town of Plainville was represented on the SRPEDD Commission by Mark O'Neil and Marcia Symanski. The Joint Transportation Planning Group representatives were Ronald Fredrickson and Joseph Fernandes.

Some of SRPEDD's more significant accomplishments in 1994 were:

- Completion and certification of the annual Transportation Improvement Program (TIP) and Overall Economic Development Program (OEDP) which set regional priorities and made cities and towns eligible for federal and state grants for transportation and economic development projects. The TIP sets priorities for \$315 million in federal and state dollars for regional transportation projects over the next 3 years.
- SRPEDD developed the "Massasoit Compact", a collaborative economic strategy for the region. Over 50 organizations and individuals have signed the compact, pledging to do their share to revitalize the region's economy..
- SRPEDD reviewed the environmental impact of larger development projects in the region to insure that potential harmful impacts will be addressed. This year, we reviewed 55 such projects, commenting on the impact on traffic, water supply, sewage disposal, wetlands, and other development-related issues. Nineteen (19) applications for federal and state funds were reviewed to insure consistency with other plans and efficient use of public funds.
- SRPEDD conducts a district-wide traffic counting program and maintains a computer file of all available traffic count data throughout the region. SRPEDD continues to provide computerized accident filing for 9 towns and has provided pavement management assistance to 13 towns.
- SRPEDD worked with both GATRA and SRTA on issues such as route evaluations, marketing, service to elderly and handicapped persons and overall data compilation and analysis.
- Assistance to the South Eastern Economic Development (SEED) Corporation, which makes loans to small businesses for expansion. In 1994 SEED approved loans to 80 small businesses in the amount of \$7.2 million. These loans are projected to create 484 new jobs.
- SRPEDD continued to operate the Southeastern Massachusetts Data Center, providing information to businesses, cities and towns, and individuals.
- SRPEDD provided assistance to businesses on toxic materials use reduction. Staff worked with the Southeast Industrial Advisory Committee to hold meetings and workshops for businesses located throughout southeastern Massachusetts.

- SRPEDD organized and co-sponsored the fifth annual Earth Lab Environmental Conference. The conference was held at Bridgewater State College for science teachers throughout the region.
- With the traditional fishing industry in crisis, SRPEDD embarked on a program to develop aquaculture businesses in the region. Coastal and inland aquaculture have tremendous potential in southeastern Massachusetts.
- SRPEDD conducted training and workshops for local officials on economic development, downtown revitalization, planning laws and community action statements.

In addition, municipal assistance was provided to Plainville in the following areas:

- GIS map data
- Route 1 Task Force with Mass. Highway Dept.

We look forward to serving you in 1995.

#### **Town of Plainville**

##### **Immunization = 259 Residents**

Clinic 6/1 - 6

Homevisit/CVNA - 6

Influenza - 247

clinics 10/28, 11/9, 11/28 - 235

homebound - 8

misc - 4

Review of immunization records at the Hillside Academy was provided. Hepatitis B Immunization can be provided to High Risk Town Employees at request. CVNA will assist the town in purchasing the vaccine and will provide administration and follow up.

##### **Mantoux testing = 31 Residents**

TB skin testing (Mantoux) requires 2 visits, one to implant and one to read. Appropriate follow up and referral is made for those with a positive reaction. Mantoux clinics were provided to the staff of Hillside Academy and the Plainville School Volunteers

**Lead Level = 4 Residents** this includes drawing of sample, mailing it to MDPH for processing and appropriate follow up and education.

##### **Health Promotion Clinics = 69 Residents**

These clinics include Cholesterol, Blood Sugar, and Blood Pressure. Results and appropriate dietary and lifestyle information is given on site, and appropriate referral and followup provided if needed. These clinics are scheduled at the COA every 3 months, and can be scheduled for residents and town employees at other times and sites with BOH approval.

##### **Maternal Child = 17 contacts**

A telephone contact is made after a referral from a hospital, physician or the Board of Health. At that time an assessment is made, parenting information and support given, and a homevisit is made if needed.

##### **Communicable Disease = 4 investigations and reports**

Investigations included Giardia, E. Coli, Campylobacter, and Salmonella.

##### **Vaccine Depot - - CVNA maintains the vaccine distribution for the Board of Health.**

This function entails ordering, storing, delivery, documentation, and paperwork for the MDPH. At present vaccine is provided to Harvard Community Health Plan. Information distributed by MDPH is also distributed to HCHP and the School Nurse.

Support is also offered to the School nurse in areas of communicable disease, TB testing Guidelines, and other pertinent information from MDPH. TB testing, Lead Levels and Immunizations are also available.

**Free Care - 15** skilled nursing visits were provided to Plainville residents who had no/inadequate insurance for these needed services. In addition an allowance of **\$500** was given in services to the family of quadruplets.

CVNA public health nursing staff provides up to date resources and skills in the area of Communicable Disease, Immunizations, and TB Control by keeping close liason with MDPH and attendance at various workshops and courses. This allows the most up to date information and education to be provided to the residents and institutions in Seekonk

**In 1994 399 Plainville residents received CVNA Nursing Services under the BOH contract** (this number does not reflect contacts of Communicable Disease investigations or TB Control.

Self Help, Inc., is greater Brockton's and Attleboro's antipoverty agency dedicated to improving the quality of life of limited income individuals and families, and making all segments of the community responsive to the needs of the limited income, disadvantaged and minority populations.

During the program year ending September 30, 1994, Self Help received a total funding of approximately \$9.6M and provided direct services to 43,436 limited income households in the area.

In the town of PLAINVILLE, 591 households received direct services totaling \$39,830 during the program year 1994.

The total funding of \$9,634,409 does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize an additional \$2,388,738 of other community resources such as, contributions from the towns, volunteers, donation of space, and private donations. The gross value of SHI during the past program year was \$12,283,371.

Self Help currently employs 225 individuals, many of whom are of limited income and minorities.

We feel that October 1, 1993 through September 30, 1994 was a successful program year for us because we were able to assist as many limited income individuals as we did, despite the uncertainties and decreases in fundings we experienced. We thank all the volunteers, Board of Selectmen and their representative to our Board of Directors, MR. JAMES DINSEL for helping to make our year a success.

Respectfully submitted,

Ulysses G. Shelton, Jr.

Executive Director

## THE SOUTH NORFOLK COUNTY ASSOCIATION FOR RETARDED CITIZENS, INC.

With funding through the Plainville Board of Selectmen, The South Norfolk County Association for Retarded Citizens ("SNCARC") provides and supports services to citizens of Plainville who are mentally retarded. The Association is a non-profit, membership-based organization of more than 500 members, governed by family members of those we serve, including community residents on the Board of Directors.

The Association's work is grounded in its Mission Statement:

**"The Association is committed to securing for all people with mental retardation the opportunity to choose where and how they learn, live, work and play. This commitment is further extended to reducing the incidence and limiting the consequence of mental retardation through education, research, advocacy and the support of families, friends and community."**

There are eight types of programs:

1. Vocational Training through Lifeworks Employment Services in Norwood, serving Plainville residents
2. SNCARC Day Habilitation and Lifeworks NCE Pre-vocational program in Westwood, serving Plainville residents
3. Community Residential Facilities serving Plainville residents
4. Family Support/Advocacy to all Plainville families who request
5. Social-Recreational and Special Olympics for people with disabilities
6. Respite Care for Plainville families in their homes, plus afterschool, weekend, and summer camp programs for Plainville children
7. Elder Services to Plainville citizens who are elderly and disabled
8. Clinical Services through Harbor Counseling and Education Center

Plainville residents desiring these services for their family member with mental retardation or other developmental disability should contact the South Norfolk County Association for Retarded Citizens at (508) 359-5546, or (617) 762-4001. The Association welcomes visits from interested persons to its community-based programs.

NORFOLK MENTAL HEALTH ASSOCIATION, INC.  
886 Washington Street  
Norwood, MA 02062

The Norfolk Mental Health Association is a private non-profit corporation governed by a citizen Board of Directors who represent each of the twelve towns in its service area: Canton, Dedham, Foxboro, Medfield, Millis, Norfolk, Norwood, Plainville, Sharon, Walpole, Westwood and Wrentham.

The major programs of the Norfolk Mental Health Association available to Plainville residents are:

CUTLER CENTER has a fully licensed staff of social workers, psychologists and psychiatrists bringing together a rich variety of skills and experience to provide a wide range of services to children, adolescents, and adults of all ages. In order to be most responsive to individual needs and community concerns, Cutler Center is organized into specialized programs offering services in the following areas: Intake & Emergency; Family and Children; Alcohol and Substance Abuse; Chronic Care; Psychiatry; Adult; Senior Care; Psychological Testing; Assertiveness Training; Separation and Divorce; Families of Substance Abusers; Court Supported Programs, such as Domestic Violence, Supervised Visitation and Mediation Services. The Alcohol and Substance Abuse Program provides a most comprehensive approach to the treatment of substance abuse. Each program offers specialized groups and services, such as the Parent-Toddler Program, an educational and supportive experience for parents and their children from birth to age 3; and the Gym Program, a unique blend of counseling and physical activity for children between the ages of 5 and 15.

Other programs include HIRE ENTERPRISES, a sheltered vocational rehabilitation facility for people with emotional, developmental or physical handicaps. Programs include diagnostic evaluations, electronic skill training, work adjustment training and counseling, sheltered, long-term employment, and transitional employment and job placement; Enhance Program, a pre-school program designed to meet the needs of children ages 3-4. The hands on learning environment will stimulate and enhance the child's physical, social, intellectual and emotional growth; New Beginnings, an educational/support program for parents and their children, birth to one year;

Positive Parenting, a program which helps parents develop positive attitudes and skills; Community Education Programs: The staff of Cutler Center is available to provide talks, workshops and consultation on a wide variety of mental health related topics. These services are available to community agencies, civic organizations, business and industry, schools and the court system. In addition, community education programs on such topics as stress management, assertiveness training and clinical issues are held periodically throughout the year. Also, the Cutler Center has a contract with the Dedham House of Corrections to provide mental health and substance abuse services to the inmates at the prison facility.

Cutler Center currently has offices in Norwood and Wrentham with the Wrentham Office providing the full range of services offered by the Norwood Office.

During Fiscal Year 1994, Cutler Center provided direct services to approximately 81 people from Plainville. The direct value of these services was \$56,932 of which the Town of Plainville allocated \$4,626.

In the past year, people from Plainville who came to us for assistance were often referred by friends, neighbors, family, clergy, school, physicians, or community agencies. The most common requests for help concerned such problems as depression and anxiety, difficulties in marriage or family relations, school or behavior-related problems, and acute or chronic mental illness.

The Norfolk Mental Health Association's Board of Directors includes Geraldine Perry from the Town of Plainville.

#### **1994 REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT**

The operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasible.

All mosquito eggs need water to hatch and to sustain larval growth.

**Source Reduction Work:** Our primary efforts are concentrated on the drainage of shallow, standing, stagnant water, and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned

670 feet

**Larviciding:** Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Larvicide by backpack\briquets\mistblowers

80 acres

**Adulticiding:** The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying, or threatening to residents.

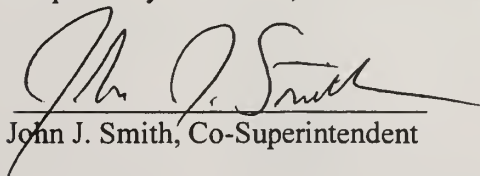

Adulticide fogging from trucks

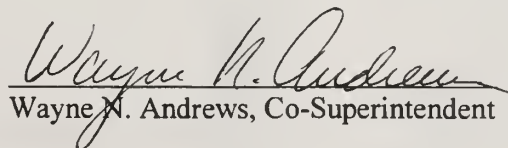

2,202 acres

Surveys, inspections, and monitoring in support of our program include locating and mapping breeding areas, larval and adult collections, and field work evaluations leading to better drainage.

The Project received 34 calls from residents for information and assistance.

Respectfully submitted,

  
John J. Smith, Co-Superintendent

NORFOLK COUNTY ADVISORY BOARD  
1994 Annual Report

The Town of Plainville has one seat on the 28-town Norfolk County Advisory Board (appropriating authority similar to combination of town finance committee and town meeting), with a 1.03 weighted vote (based upon share of equalized valuation). By general statute, a member of the Board of Selectmen represents a town. Selectman Eugene Alsworth represented Plainville during 1994.

The County Advisory Board meets monthly during the annual budget review and otherwise quarterly for consideration of budgetary transfers or supplements. County appropriations are made subject to such regular reviews, in order to make timely budgetary adjustments and reduce the likelihood of crises. In calendar 1994, the Norfolk County Advisory Board met six times during annual review and twice in later quarterly meetings.

MARCH 94 meeting (at Respiratory Hospital in Braintree) voted 94 appropriation transfers; preliminary 95 revenue estimates; and heard a briefing on hospital finances. APRIL 94 meeting (at Agricultural School in Walpole) voted 94 appropriation transfers; and held hearings on 95 requests by Registry of Deeds, County Court Buildings and County Corrections. MAY 94 meeting (Agricultural School) voted a year-end 94 Supplementary Appropriation; and held hearings on 95 requests by Wollaston Recreational Facility, Engineering Department and Agricultural High School. JUN 1 meeting (Agricultural School) of Budget Committee held hearing on remaining 95 budget requests and voted recommendations to full Advisory Board. JUN 8 meeting (Agricultural School) of full Advisory Board voted annual 95 Appropriation; approved Hospital's annual financial plan; and elected new officers for Fisc 95. JUN 29 special meeting (at New Jail Facility on Route 128 in Dedham) voted year-end transfers for Corrections Department.

SEPTEMBER 94 quarterly meeting (Agricultural School) voted revenue adjustments for and transfers within the 95 Appropriation, including Capital Improvement Fund for Agricultural School. DECEMBER 94 quarterly meeting (Respiratory Hospital) voted additional revenue adjustments and supplementary spending authority in Fisc 95 County Appropriation; appointed three outside trustees to Massachusetts Respiratory Hospital for six-year terms; heard joint briefing with hospital trustees on future of the respiratory hospital.

## **TRASH PICK-UP**

### **TOWN OF PLAINVILLE**

Rubbish shall be collected once each week throughout the Town from plastic bags or treated paper containers, weighing not more than fifty (50) pounds each, placed at the curb by 7:00 a.m. on day of collection for the designated area. Number of bags limited to six (6) per family.

**NO BRUSH, WOOD, SAND, DIRT, SOD, ROCKS, DEMOLITION LUMBER, BROKEN CONCRETE, ASPHALT, PLASTER, TILE, BRICK OR OTHER CONSTRUCTION MATERIAL WILL BE COLLECTED.**

The refuse from motels, apartment houses with four or more units per building, restaurants, shop, stores, mercantile and manufacturing establishments will be considered commercial and will not be picked up by the Town.

When a holiday, snow storm, or emergency situation falls on a collection day, all subsequent collection will be one day later. Holidays affecting rubbish schedule are New Year's Day, January 15th, July 4th, November 11th, Thanksgiving and Christmas.

The Town collection is broken down into three sections and will be collected as follows:

SECTION I      TUESDAY      **ALL STREET WEST OF SOUTH STREET, NOT INCLUDING SOUTH STREET TO TOWN LINES.**

SECTION II     WEDNESDAY    **SOUTH STREET AND ALL STREETS EASTERLY TO WASHINGTON STREET (ROUTE 1) BUT NOT INCLUDING WASHINGTON ST.**

SECTION III    THURSDAY     **WASHINGTON ST AND ALL STREETS EASTERLY TO TOWN LINE.**

During the year there will be White good drop off points. They are usually at the Landfill and the Highway Department. There will be a notice in the paper and cable for the times and dates of these events.

We also suggest to you that many items can be recycled. Newspapers, aluminum, metal cans, plastic containers and glass.
